

## THE MISSING LETTER TURNS UP IN COURT

Document Which Accompanied  
Dr. McInnis' Cheque to City  
Has Been Found.

**EX-ALDERMAN IS ON  
STAND IN INQUIRY**  
He Declares He Desired to Act  
Properly in Negotiations  
With the City.

The missing letter from Dr. McInnis to the city council in which he returned to them the \$5,000 which he had received in part payment for his property on Fraser avenue, turned up yesterday at the investigation in the supreme court and was read by Mr. O. M. Bigger, as follows:—  
"I am enclosing herewith my certified cheque for \$5,000, being the amount paid to me by the city in the course of the negotiations between the city and myself for the acquisition by the city of certain property of mine on Fraser avenue in connection with the straightening of Salisbury street. If in the further negotiations that are carried on, the commissioners and council deem it advisable that I should be charged interest on this advance, I would be pleased to let you cheque at any time on demand."

Wished to Act Properly.  
"Why did you send that letter?" asked Mr. Bigger.  
"Because I wished to do so and properly," replied Dr. McInnis.  
"You seemed to be an alderman on May 1," said Mr. Bigger, "and it was no longer unlawful for you to have transactions with the city."

Dr. McInnis—The reason I sent that letter and cheque was that I wanted my right. I squared the deal as to date.  
asked by Mr. Bigger as to whether he thought that as an alderman he could not have made a blunder in connection with the city. Dr. McInnis replied that his action of sending back the money showed what he thought on the subject. As regards the reason why he did not carry out the transaction, he replied that he was not legally bound to do so.

**Got Money From Crosscut.**  
As Clarke asked Dr. McInnis from whom he had received the \$5,000, Dr. McInnis replied that he had got it from Mr. P. M. Crosscut.

Dr. Clarke—Did you think it right to take the \$5,000?  
Dr. McInnis—I thought it fair deal till I found from my solicitor that it should be settling legally. So I sent the letter with my resignation and returning the cheque. I had received.

Some amusing sparring took place in regard to the part of Mr. C. Candy in the real estate transaction.

Mr. Bigger—Did you think that Mr. Candy would not be a traitor?

Mr. Bigger—Did you think that Mr. Candy would not be a traitor?

## PROJECTED LINES FOR STREET RAILWAY IN EDMONTON

The diagram above gives the projected street railway extensions in Edmonton for a number of years to come, according to the plan prepared by the city council. The lines shown are not fixed exactly and may, in later years, be moved slightly to meet existing conditions of population according to a decision of the city council after day afternoon. In the above plan the extension of the street north from Alberta Avenue is shown as on Namany Avenue.

## SERBIA MAKING READY FOR WAR WITH AUSTRIA

Servian Troops Being Mobilized  
in Danube Division,  
Says Report.

**BULGARS AND SERVANS  
MAKE TWO CAPTURES**

Dr. Dillon, London O'rspondent,  
Declares No Likelihood  
of European War.

Vienna, Nov. 29.—The assertion that Serbia is mobilizing against Austria-Hungary is made today by the British press. The entrenched positions near the town of Belgrade on the Danube have been occupied already by Serbian troops of the Danube division.

The Serbian recruits belonging to the Danube division are to be called out by the Serbian war office and Christian troops are being induced to serve in the Serbian army.

**Weapons Captured from the**  
Turks are being hurriedly repaired in the great Serbian arsenal at Kragujevac, where also ammunition is being manufactured in large quantities.

Cattle and cereals are being grown out to Serbian war office and Christian troops are being induced to serve in the Serbian army.

**Two Turkish Divisions Surrender.**  
Sofia, Bulgaria, Nov. 29.—Two divisions of Turkish reserves are reported today to Bulgarian troops near the village of Idrizgrad and Menovo, according to an announcement by the official news agency here.

**DIPLOMATISTS ARE  
WORKING AMICABLY**  
London, Nov. 29.—Dr. Dillon writes in the Daily Telegraph as follows:—

German Planning  
Great Air Fleet.

Berlin, Nov. 29.—Germany is planning to create an air fleet of 100 aeroplanes in the next few years.

## THREE MEN ARE HELD FOR INVESTIGATION

Robert McCreedy, Arthur Martin and G. C. Bain Held by Police on Suspicion of Connection with Fire at St. James' Hotel and Are Remanded Without Bail.

Robert McCreedy was brought up before Magistrate Inspector Worsley in the police court yesterday on a charge of attempted burglary and was remanded for a week pending investigation.

Arthur Martin was brought up on a charge of attempted burglary and was remanded for a week pending investigation.

G. C. Bain was brought up on a charge of attempted burglary and was remanded for a week pending investigation.

Another return which Mr. Graham is making for is one showing the number of agents made to the government in general in council during the twelve

months preceding Nov. 10th, 1912, against orders of the railway commissioners, the particulars of which are in the decision rendered by the government.

## 75 Miles of Steel To Be Laid On the E. D. & B. C. This Winter

Track-Laying Is Now Laying a Mile Per Day—Work on Big Bridge Over Athabasca at Mirror Landing Will Be Proceeded With This Winter—Steel Head Now at the Sturgeon.

Seventy-five miles of steel will be laid this winter on the Edmonton, Dunvegan and British Columbia railway. This is the exact amount of grade which has been completed and put in a condition to receive the tracks, although further grading has been done on the right of way near the Athabasca river.

Track-laying has been in progress over a week and ten miles of steel have been laid, the steel being roughed the Sturgeon river. There are ten men at work putting down the track on the grade, working the machine and pulling the rails. The crew will be increased as soon as the men can be obtained to 100 men.

"Breaking in a new crew," said J. D. McArthur, contractor, put it yesterday morning. "The crew does not get quite as fast as it will a little later on. We shall average a mile and a half per day."

There are two engines. The big new traction engine and a train of loading cars in the outfit and Mr. McArthur stated that as soon as he returned to

Whisper he would send up another engine and more loading cars. The Edmonton, Dunvegan road crosses the Athabasca river at Mirror Landing, where a large steel bridge with concrete piers will be put in. The span of the bridge will be 180 feet. It may be necessary to cross the river with a temporary bridge during the construction work, but the work on the permanent bridge will be pushed ahead as quickly as possible.

Mr. McArthur states that the weather is ideal for track-laying and it will be possible to go ahead putting down the steel even with a foot of snow.

Regarding the Hudson's Bay railway, Mr. McArthur stated that the winter will be chiefly occupied with shipping in very large quantities of supplies in preparation for a big season's construction next year.

## TO THROW LIGHT ON DEGRADING OF N.T.R.

Hon. Gen. T. Graham Asks for Certain Returns Which Indicate His Intention to Discontinue Government's Share in Degrading National Trans-Continental.

Ottawa, Nov. 29.—A debate on the degrading of the National Transcontinental railway is foreboded in the House of Commons. Mr. Graham has given by Hon. Gen. T. Graham, asking for a copy of the original instructions, including maps and maps furnished the engineers of the N. T. C. by the government.

## C. N. R. STEEL HEAD IS NOW WEST OF PEMBINA

Grade is Completed for 65 Miles Between Pembina River and West on Veggieville-Calgary Branch Within 30 Miles of Calgary.

Superintendent of Construction Campbell, of the Canadian Northern, was in town yesterday. Mr. Campbell has been out west on the main line and he reports that steel has been laid to a point about ten miles west of the Pembina river. The sixty-five miles of grade between the Pembina and the Macleod rivers will be covered with steel by the end of the year and during the remainder of the winter work will be concentrated on the steel bridge across the Macleod.

Steel laying is also actively in progress on the Veggieville-Calgary line and the end of steel materials is within thirty miles of Calgary. Steel will reach Calgary by the end of the year. It is unlikely that the line will be opened for some time, however, as no arrangements have been made as yet regarding terminals at that city. A bridge will also have to be built over the flow river.

Winnipeg, Nov. 29.—Miss Barbara Wylie, militant suffragette, from London, England, arrived in the city yesterday and will be actively engaged today in making arrangements for propaganda work here. She has already been in Canada for two months as a representative of the Women's Social and Political Union of England, making the trip across the continent.

### INTRODUCTION OF NAVAL BILL WILL BE DELAYED

From Present Indications Government Cannot Hope to Move It Through Before the Christmas Holidays—Liberals Are Very Active in House.

Ottawa, Nov. 29.—All hope of government's naval bill being disposed of before Christmas holidays has now been abandoned. The debate on Mr. Wilfrid Laurier's amendment to the address condemning the government in connection with the recent by-elections has not yet been concluded.

After the vote has been taken A. Maudslayi will move his amendment defining the conditions of Canada giving aid to the British navy. When that is disposed of it is understood the Liberals will move an amendment demanding the introduction of a redistribution bill this session and another criticizing the general policy of the government.

It will be the end of next week before these are disposed of. The naval bill shortly after will be introduced. But as the trade agreement with the West Indies, which goes into effect on January 1, will have to be ratified, not much time can be given to a consideration of the naval measure until after the House resumes in January. Remarks made by Liberal members in both houses in connection with the debate on the address indicate that the attitude of the opposition will depend in a large measure on the memorandum prepared by the Assistant Secretary of the Navy in the present naval situation and the amount of information it contains. In ministerial circles assurance is given that this memorandum will be quite sufficient to warrant prompt action.

### IMPORTANT DECISION AS TO RESIDUING

Ottawa, Nov. 29.—In a decision rendered by the Supreme Court on a habeas corpus application, Justice Duff has ruled that it is unnecessary for owners of property to secure the approval of the city engineer before registering plans of subdividing lots in the land titles office. In the case in question the plainiffs were refused registration by the registrar, the plans not bearing the endorsement of the city engineer. The registrar's decision was supported by the master of titles, Justice Newlands held that alternative amendment referred to in the act must alter the nature of the plan, itself, either changing the nature of the lot or boundary, but as long as the plan itself was unchanged no judge's order was necessary.

### WILL HATCH THOUSANDS CHICKS FOR FARMERS

Provincial Government Will go Largely Into Poultry Business—Minister of Agriculture Gives Order for 1500 Birds for Edmonton Poultry Farm.

Hon. Thomas Marshall, who returned from Calgary Thursday after attending the provincial fair stock show, stated that while the extent of the stock were not as large this year as might have been expected, the change in the date from the spring to November had a good deal to do with this. However, there were a lot of animals of excellent quality, cattle, sheep and hogs being shown, and the educational meetings in connection with it were a decided success. The poultry show was an immense success, there being some 1,719 birds on exhibition, and poultry experts pronounced that any of the exhibits could win in any company in Canada. Six years ago at the Calgary poultry show there were exactly 15 birds exhibited, and this increase gives some idea of the extent to which the poultry industry of the province is growing.

It is the minister's intention to further encourage the poultry industry during the coming year. A contract has just been closed with Dunn, Langlois & Co., of Toronto and elsewhere, for 1555 birds, consisting of Barred Rocks, Buff Orpingtons, Wyandottes and Rhode Island Reds, to be delivered to the poultry plant in Edmonton early in January. The purchase has been made for the poultry plant of a 1500-egg incubator, and in the spring day-old chicks will be sold to farmers at cost price. Chicks, when a few hours old, can easily be shipped in small brooders by express to any part of the province of Alberta, and the department believes that this system will be much more satisfactory than selling the eggs with which they might or might not have success.

### NAVAL CHIEFS AT LARGE

The city police report that the arrests have not been made in connection with the case of the Canadian naval chiefs. The chief of the police has been followed by the two freight clerks, who were bound by the railway rule for the night with the city police and left with the railway company. The men in custody were taken to the police station and held until the following day.

### RAILWAY COMMISSION MEETS IN VANCOUVER

Board Considers Outside Applications, the Establishment of a Station at Haystack Being Among the Number.

Vancouver, Nov. 28.—Chairman Drayton and Commissioner Hoffman, of the railway commission, met at the session here today with a list of 30 cases. Mr. Drayton is creating a very fine impression on his first official visit to Vancouver. His brother, C. H. Drayton, is a resident of this city.

The board's attention today was wholly directed to outside applications, the most important being the Haystack case in which the U. T. P. asked the board to reopen the order of August 20, of this year, requiring the company to establish a station at Haystack instead of at Tyne. After a lengthy argument the commissioners considered the question of safety at Haystack, the possible transfer of the station to Tyne, where Port Kootenay residents prefer to have the station. The board will also consider the interests of Port Kootenay in having the large float which the railway offers to build at Tyne to accommodate traffic across the river from Port Kootenay.

A number of Vancouver cases will be taken up tomorrow when members of the provincial forest service will also be heard regarding the dispute which has arisen between Kootenay irrigation interests and the Kettle Valley River Railway company.

The situation appears to be that if the fire were to occur along the waterway, the destruction of the bush would result in the ruin of the entire irrigation system of the district. For this reason it is important that adequate steps be taken to prevent fire. The irrigation interests are insisting that the railway be compelled to use oil fuel.

One of the points the commission will consider will be as to who will bear the cost of guarding the bush. The commission goes to Victoria on Saturday.

### Make a Perfectly Legal Will Yourself

You can easily secure strict privacy, have witnesses, and make an absolutely binding will for six months under the famous New Legal Will Form. Tested and proved by the courts. Send for stamps or only for New Will Form. Will Form will give full directions. Buy Will Form at 25¢. 25¢ College Street, Toronto. Sold by all druggists and stationers.

## ANOTHER MURDER MYSTERY IN PARIS

Edmond Charbon, an Art Editor, believed to have been murdered—It Was First Thought He Had Committed Suicide.

Paris, Nov. 29.—The French police are confronted by another murder mystery in the death of Edmond Charbon, a widely known Paris art editor, whose mutilated body, as it now appears, was found last Saturday morning on the Paris Lyons and Mediterranean railway track, near the station of Montparnasse, 200 miles from here.

The authorities were first devoted to believing that M. Charbon had committed suicide, and in the simplicity of that belief they promptly, and without much inquiry, buried his body. There was but one formality of an autopsy.

A mysterious leonard man of blonde complexion is sought by detectives. When M. Charbon left his Paris office last Friday evening a woman next door saw the blonde individual accompany the art editor in a taxi which quickly vanished. One, probably two, buried the Paris, Lyons and Mediterranean express that day.

No Motive For Suicide.  
According to Charbon's widow and his colleagues, M. Charbon, there was no known motive for a suicide for Charbon was young, healthy, well-to-do, and successful in his chosen calling. A possible clue to the mystery of the tragedy, Charbon's relative and assistant assistant, lies in his recent mode of living. His wife is an invalid and had become devoted to the gay life of the Montparnasse. The theory is that some of Charbon's friends in a gay set got hold of letters he had written to a designing woman of Paris. She or her accomplices demanded money on promise of restoring the compromising letters to Charbon.

What appears to clinch the murder theory is the fact that the only money found in Charbon's clothing was the five francs he carried, though he had a considerable number of bank notes when he left his office in Paris and got into the taxi-car with the blonde man. After Charbon's body was found, was found some distance from the tracks, beside Charbon's revolver, which had been found folded. His watch and rings are missing too.

## BUNDESRATH'S DECISION REGARDING JESUIT BILL

Ruling Holds Recent Course of New Bavarian Ministry To Have Been Illegal.

Berlin, Nov. 29.—The Bundesrath has reached a decision regarding the administration of the Jesuit bill, which in effect holds that Bavaria's recent course was illegal.

Of the first acts of the new Bavarian ministry coming into power in consequence of the victory of the clerical center party in the Bavarian elections, was the passage of a decree modifying the severity of enforcement of the Jesuit ordinance, and in the resulting inquiry it was brought out that as "unintentional" the Jesuit law, but at all unfavorable to the Jesuit order, had been issued in Prussia.

By the Bundesrath's ruling the Jesuits will be permitted to hold family masses in the home, deliver religious addresses, which, however, must not touch on religious; but they are permitted no further activities.

A secret order issued last spring by the president of the Bavarian council of ministers permitted the holding of "confessions" in the churches, at which masses might be administered.

## TO RELEASE WELLAND CANAL DYNAMITER

Department of Justice at Ottawa Considering Release of Dillon, Sentenced for Life.

Kingsport, Nov. 29.—It is learned on good authority that the department of justice at Ottawa may any time order the release from the penitentiary at Portsmouth, of Luke Dillon, the leader of the Welland canal dynamite outrage. Since May, 1909, Dillon, alias Carl Duhamel, has been a convict in the penitentiary to which he was sentenced for life.

In order to regain the favor of the Clan Na Gael, Dillon, then under sentence in Pittsburgh, Pa., undertook the dynamiting of the Welland canal. He had been active in the cause of the murderers of Dr. Cronin, of Chicago, and his business had been boycotted.

## ROYAL COMMISSION URGED

Ottawa, Nov. 29.—Several members of parliament have received petitions from parts of Ontario urging the appointment of a royal commission to inquire into the stability of the Canadian banks, the idea being to preclude the possibility of any further disaster. The movement was characterized by M. P. today as a "by-product of the collapse of the Farmers' bank and, engineered by shareholders and depositors of that institution to avert their own ruin."

As soon as the naval bill is out of the way the minister of finance will proceed with the Bank act, and it is promised to be a rather cautious measure. Some members are preparing to insist upon closer audit and other methods making for the security of the depositories. For several sessions there have been attempts to amend the act, but they have been put off pending a general revision. There will now be an opportunity for bringing forth all these proposed reforms and it is expected to be fully availed of.

## Work on Welland Canal.

Ottawa, Nov. 29.—Estimates this session will renew the provision already made for active construction work on the Welland canal. A great deal of time was taken in surveys to determine which was the preferable route. This was determined some months ago and since then had little progress and has taken a longer time than had been anticipated. The work will be completed, however, in good time for the commencement of operations next spring. The vote made last session for improvements to the French river, which would be a part of the Georgian Bay canal scheme, had not been expended.

## BASTARDLY OUTRAGE ON AGED BENEFACTOR

After Giving Dinner to Two Men, Man of 75 Years is Beaten and Beaten Annotated Near Westcliffe.

Westcliffe, Alta., Nov. 29.—A very serious case was arranged before D. C. McLean, J.P., yesterday afternoon, when Wm. Thompson and Jim M. Finn were charged with robbing Robert Nowham, with violence. It appeared that last week went to the home of Mr. Nowham, near Hobson, on Tuesday, and after having taken a hearty dinner, noticed the old gentleman, who is 75 years of age, to go some distance from the house to show them some land, which they said they contemplated purchasing.

After going some distance and reaching a wooded spot, they succeeded in getting their victim under the influence of liquor. He endeavored to make his escape, but he was caught and badly beaten, one of the men kicking him on the face and body. He was relieved of his watch, some loose change and a knife. The latter was found on one of the men when captured.

They were arrested by Corporal Mitchell yesterday afternoon, on the street here. The culprits were all afternoon and the prisoners were sent up for trial. They will be taken to Edmonton tomorrow.

## INDIAN PRINCES PLAN TO PRESENT TWELVE WARRIORS TO BRITAIN.

London, Nov. 29.—Three jagged, red-headed and nine first class armored cruisers will shortly be presented to the British government by the independent rulers, princes and nobles of India.

It is said that if the plan carry out successfully a plan recently drawn up by them to collect funds for the purpose among themselves. It is suggested that the warriors, which stationed be upland in the Red sea, the Mediterranean and Indian ocean.

Should this presentation to the empire materials \$127,000 will be involved, each superdreadnought costing \$12,300,000, while each battle cruiser will cost \$10,000,000.

**The Toughest Work Gloves in the World**

**H.B.K. BRAND**

WHEN you go into a store to buy a pair of gloves or mitts, don't ask for just gloves. If you want to get the full worth of your money and a guarantee of satisfactory wear, tell the dealer you want

**Guaranteed Gloves**

Warranted to give satisfaction or a new pair free

**EVERY** pair of H.B.K. guaranteed gloves is made from the finest grade of tough horse-hide, specially tanned by the H.B.K. process to give EXTRA WEAR. This process thickens and plumps the leather, and makes it soft, pliable and elastic. You can WASH a pair of H.B.K. guaranteed gloves and they will dry out soft and pliable. They are especially made to stand hard knocks and give extra service. No other glove can compare with them for toughness and worth-of-the-money. Every pair is tested and inspected before it leaves the factory, and is built for honest service to the wearer. That is why we authorize every dealer to make good for every pair of H.B.K. horsehide gloves that fails to give perfect satisfaction. Be sure to ask for H.B.K. gloves. This is your only safety in glove buying.
